

One Fatally Hurt In Auto Accidents In Area During Week

One man was fatally injured and five others hurt, one critically, in a series of motor vehicle accidents during the weekend, the California Highway Patrol reported.

Gene Harwood Phares, 38, Sausalito, suffered a crushed chest and died in a Reno hospital following a mishap near the Donner Lake interchange on Interstate 80 when a light convertible driven by Robin Sue Rowell, 31, San Francisco, got out of control and plunged over the embankment and down a ravine. The accident occurred at 3:30 p. m. Saturday.

Mrs. Rowell is in serious condition. A rain slicked road and speed were blamed for the accident. Patrolman Dan Davis made the investigation, and the injured were taken to the Tahoe Forest Hospital and later to Reno by Truckee Ambulance.

A San Francisco couple, Earl W. Showers, 57, and Frances Showers, 52, were seriously injured Friday at 7:40 p. m. when their car plunged off Interstate 80 near Farad during a heavy rain shower. They were attempting to pass another vehicle when the driver lost control. Both suffered chest and head injuries.

After treatment at the Tahoe Forest Hospital the couple was taken to Reno by Truckee Ambulance. Patrolman Rayce Hodgkins investigated.

Sam Medford, 23, Truckee, was taken to the hospital Sunday at 11:10 a. m. with injuries suffered when a car driven by Rosalee M. Smith, 31, Woodland, and one operated by Sherman R. Reams, 24, Truckee, collided on State Route 89 a mile south of West River Street.

Mrs. Smith was attempting a left turn when her car was struck by the Reams vehicle. No citation was issued.

Forester Rescued After Auto Crash

The second rescue of an injured man by the forest service helicopter within two weeks was successfully carried out Thursday afternoon.

Donald Kast, 32, patrolman for the Big Bend station of the Tahoe National Forest, was driving a pickup on an isolated forest service road near the Helester Point Lookout, 18 miles south of Interstate 80 and overlooking the north fork of the American River, when the vehicle left the narrow, rough road and rolled over an embankment. Kast was thrown out but managed to make his way to the lookout station a quarter of a mile distant to get help.

The helicopter from the Truckee station of the forest service, piloted by Martin Smith and accompanied by Ranger David Mohla, was dispatched to the scene and landed the injured man on the front lawn at the Tahoe Forest Hospital. He was seriously but not critically injured.

A week earlier a British Columbia man, John Acres, 50, seriously injured when a horse he was riding fell on him near Granite Chief back of Squaw Valley, was rescued and brought to the hospital here by the helicopter.

The frequent use of the helicopter in bringing injured or ill persons to the hospital has prompted officials to express the need for a heliport near the hospital. Landing on the lawn, over which power lines extend, is hazardous and a small port nearby would be a great convenience, officials pointed out.

deRyk Opens New Business To Serve Area With Rentals

Although the building is still under construction, Mr. and Mrs. Jack deRyk this week announced the opening of the area's newest enterprise—the Truckee Rents and Ambulance Service.

In their new 60x40 building in the Gateway Shopping Center, the deRyks will feature an innovation in the district with a rental service featuring a wide variety of items for virtually every need.

The new building, constructed under the direction of Contractor Bud Howe, was especially designed to house the ambulances as well as ample space for the rental department, offices and work rooms. It was built of concrete block and matches, in many details, the adjoining buildings in the Roxie Block, housing offices and newspaper plant.

The parking area and sidewalk in front will be completed soon as will interior appointments, making the structure one of the most attractive in the area.

Rental service is now ready to operate, deRyk said, and will provide such items as hospital equipment for home use, building needs, generators, air tools, concrete equipment, compressors, general equipment, hand and power tools and scores of miscellaneous items too numerous to list.

This is the first time a business of this nature has been started here but already, deRyk said, orders have been received and filled and indications are that the service will fill a community need.

For five years, deRyk has operated the Truckee Ambulance Service in the region and this service will be continued from the new building and from his home.

Supervisors' Raise Was Only An Error

GRASS VALLEY—The press release Saturday of raises for certain Nevada County officials was in error, Assemblyman Gene Chappie told the Board of Supervisors Monday morning.

The supervisors did not receive a raise and the court reporter did. The supervisors were announced as receiving a \$1,200 increase per year. This is not so said Chappie.

The court reporter's salary was raised from \$5,200 per year to \$6,400. Other raises announced were correct, for the district attorney from \$14,500 to \$15,700 and the auditor from \$4,200 to \$8,600.

Shortcut Goes To State As Governor Signs Lunardi Bill

Senator Paul J. Lunardi (D) announced today that Governor Brown has signed Senate Bill 1071 which adds the Northshore Boulevard FAS Route to the state highway system.

"I am extremely pleased with the success of this measure, as the improvements accompanying the inclusion of this route into the state system will greatly enhance the access between north shore communities and Interstate 80," Lunardi said.

The senator pointed out that a major impact of SB 1071 concerns the placing of snow removal responsibilities on the state division of highways which, in turn, allows county road departments to utilize their funds and equipment in other needed areas.

Road District For Area Is Approved

There being no protests, the Nevada County Board of Supervisors Thursday authorized County Counsel Leo Todd to draft a resolution establishing a special road district for the Fifth District which includes Truckee, Donner Lake and Soda Springs.

The district will have taxing powers and is being formed for the purpose of financing the purchase of \$112,000 worth of snow removal equipment to be used exclusively in the district.

The need for the additional equipment, to supplement that provided by the county, was pointed out by Supervisor H. G. Loehr who proposed the special district. The district will function only during the incumbency of the supervisor and will require a tax of approximately 30 cents to provide the equipment.

The need was made apparent in the fact that the state is turning over to the county roads which were replaced by Interstate 80 and due to the number of new subdivisions which are being developed and which require service. The fifth district will continue to receive its share of county road funds, Loehr explained, the new equipment being supplemental and not subject to being taken out of the district.

Hodder, in a brief talk, stressed the point that the junior chamber is organized to assist in all worthwhile projects for the betterment of the community, but not to attempt to take over leadership.

"It is our desire to cooperate with other local organizations and assist in promoting projects beneficial to all," he declared. "We know there is a vital need for concerted effort and our position will be to further this united cooperation when possible."

According to Patrolman Dan Davis of the CHP, young Boeff was riding south on the road about 80 feet from the Donner creek bridge when he apparently lost control or did not see the car approaching from the opposite direction and went into the path of the vehicle.

Both the boy and the bicycle were dragged for a short distance and he suffered a fractured arm, multiple contusions and other injuries. He was rushed to Tahoe Forest Hospital and later taken to Washoe Medical Center in Reno by Truckee Ambulance.

Bond Election For Sanitary District Set For August 24

The governing board of the Truckee Sanitary District, meeting in special session Monday night, set Tuesday, August 24 as the date for holding a bond election for the benefit of the annexed area embracing Donner Lake, Meadow Park and Donner Trail, west Truckee.

The measure to be voted on calls for a bond issue of \$600,000 to provide for the initial work in installing sewer lines to serve the annexed area.

Only registered voters in the annexed area will be entitled to cast ballots at the consolidated polling place to be in the Tahoe Truckee High School. Polls will be open from 7 a. m. until 7 p. m. and the election board will consist of Violet H. White, Marcella Corro and Lucille Quilici.

Providing the issue carries, a grant from the federal government in the amount of \$161,280 would make a total of \$761,280 to develop the first phase of a major project, according to Oliver Crose, district clerk.

The new system will relieve a growing demand in the affected area for disposal service and will prevent contamination of Donner Lake, sponsors declared.

Burglars Break Into Z Market By Roof

Officers are continuing their investigation of the burglary of Z Market in Gateway Shopping Center which occurred some time Sunday night.

Entrance to the store was gained through a hole ripped in the roof over the rear of the building. The thieves ransacked the office but were foiled in their attempt to break open the store safe, although it was so badly damaged it had to be removed and opened by an expert.

An inventory was being taken to determine the loss.

The break-in was discovered by Robert Smelts, butcher at the store, when he opened the establishment Monday morning. Sergeant Roy Waters and Undersheriff Frank Galino are conducting the investigation.

Deputy Sheriff Leo Zander is currently on sick leave from the Truckee squad and is receiving treatment at San Francisco for a back injury sustained several weeks ago.

Shortage Of Horses Will Delay Start Of Wagon Train Trek

Due to the inability to secure the necessary horses for the Truckee-Donner Wagon Train scheduled for August 12 to 15, the event has been postponed until August 25 to 28, it was announced following a meeting of the Horsemen Tuesday night.

The program will be the same as planned with the exception of the date change, Henry Guirle, secretary of the group, explained.

The train will form at Campbell's Hot Springs near Sierraville on August 25 and will pull out the morning of the 26th, arriving at the Truckee-Donner recreation park just south of town on the morning of the 28th.

There the Truckee Lions Club will sponsor the public breakfast and a playday will be enjoyed.

Guirle said between eight and 12 wagons, plus an undetermined number of riders will make up the train headed by Wagonmaster James Melver, assisted by Lloyd Van Sickle.

The Horsemen, headed by President Frank Snyder, will participate in the E Clampus Vitus wingding on Sunday, August 15 and also in the Sierra Valley Roping Club's rodeo at Sierraville on August 8.

At the latter event, the Lions Club is planning to sponsor the breakfast.

TWO FIRES FOUGHT IN BIG BEND DISTRICT

Big Bend ranger district firefighters suppressed two fires Friday that started as a result of last Thursday's lightning storm. Because of the rain that accompanied the storm a number of lightning strikes did not result in fires. One of the fires that started was in the Magoginal Ridge area. The other fire was just south of Andesite Peak. Both burned only small areas.

Forest service lookouts, a forest service patrolman, and a private logger aided in the detection of the fires.

Hospital Board To Decide Method To Complete Project

Faced with a critical shortage of funds to complete the new wing and modernize the present facility, the governing board of the Tahoe Forest Hospital District will hold a special meeting Friday, July 23 at 7:30 p. m. to discuss financing to complete the hospital in accordance with the original plans.

When plans were first presented some three years ago for the expansion of the hospital, the directors were convinced that the \$1,150,000 in bonds, approved by the voters of the district would be more than ample to finance the needed construction, Ivan Tofft, president of the board, explained.

However, increased materials and labor costs, together with an increase in cost of furnishing and required equipment, have necessitated the need for additional financing over and above the amount raised through the sale of the bonds.

The meeting next Friday is expected to reveal the amount required and will determine steps to be taken to raise this amount. Two methods are possible, Tofft said. One would be to ask the voters of the district to pass another bond issue under which repayment could be made over a 30-year period and the second would provide for a tax similar to an override tax used by school districts.

One thing is certain, Tofft said, and that is the need for additional financing is urgent if the project, now well underway, is to be completed under the original plans as approved by the previous election to provide an adequate hospital facility to meet the growing demands of the area it serves.

Seven Fires Start In Electric Storms

Seven incipient forest fires, all of which were confined to an area of less than a quarter of an acre by the effective work of the forest service heli-tank and suppression crews, were reported in the Truckee District of the Tahoe National Forest during the series of electric storms in the past week.

The total number of reported fires, all quickly controlled in this district during the season is now 23, the forest service reported.

Last Thursday, two fires were discovered by an airplane pilot in the Hell Hole country at Buckskin Creek. On Friday, a fire at Mt. Pluto, another a mile northeast of Castle Peak in Coon Canyon and a third near the old Warren Mill site on the Little Truckee were quickly extinguished. The latter fire was discovered and put out by campers with the aid of a logging crew.

On Saturday, lightning started a blaze east of the Brockway road in the Martis Peak area and on Sunday the heli-tank crew prevented the spread of a fire at Estelle Lake in the Alpine Meadows area.

Ruling Expected

AUBURN—The Placer County Board of Supervisors is expected to make a ruling in the next few weeks on a protest by Carl Bechdolt, Jr., of Tahoe City, who claims that his property has been assessed at \$147,000 for 1965-66, compared to \$59,500 for the last fiscal year.

The levy covers 48.9 acres and includes a nine-hole golf course, the Bechdolt building and the family residence.

During a hearing before the board, Bechdolt produced figures which show a steady loss from the golf operation during the past two years.

PACIFIC TELEPHONE HEROES

Last week Hod Hill, Installer Repairman and Kenneth Terry, PBX Installer Repairman were first at the scene of a heroic rescue of two young men trapped on Granite Peak at Squaw Valley.

Hod has lived in Tahoe City for six years and Ken for three.

We of Pacific Telephone are very proud of them both.

This little girl's got the right idea. She's learned to hold the phone so that her voice sounds clear and natural to the listener. The receiving end of the phone is firmly against her ear and the transmitting end is just an inch from her mouth.

Smokey the Bear wants to remind us that this is fire season again. So let's all remember to use our car ashtrays and to douse all campfires.

Going on a trip this summer? Then I'd like to suggest you take a minute to phone ahead for reservations. That way you'll avoid the disappointment and inconvenience of finding No Vacancy signs at your destination. And here's another vacation suggestion. If you're planning to visit New York, why not stop by the Bell Telephone Pavilion at the World's Fair? There are interesting and entertaining exhibits for the entire family.

LUNARDI SEEKS YOUNG HEROS FOR MEDALS

Senator Paul J. Lunardi (D-Seventh District) today appealed to anyone having knowledge of any young man or woman deserving of a "Young American Medal for Bravery and Service" award.

The senator pointed out that these medals are awarded annually by the United States attorney general through a 1950 act of congress and nominees are recommended by the governor.

The nominees must have performed their acts of bravery or service during 1964 and prior to their 19th birthday. Each nomination must be accompanied by a full statement and documentation of the act including time and place; supporting statements by witnesses or persons having knowledge of the relevant facts; authenticated evidence of the nominee's date and place of birth and biographical sketch, along with a glossy photograph of the nominee.

"I would appreciate receiving information on any youngster who might deserve such an award," Lunardi said.

More and more kids are taking advantage of the Donner-Truckee Recreation District planned play time each day at the school. They learn lots of games, crafts, cooking and other helpful things. Certainly a way to keep the young people busy during the long vacation.

Vive Les Girls Is Pleasing Big Crowds

CRYSTAL BAY — "America's Party Girl"—and one of the fastest rising stars in the world of entertainment—alternates with Frederic Apcar's Paris-created and produced Vive Les Girls show, a fast-paced spectacular revue featured throughout the summer in the Topaz Room at Nevada Lodge, North Tahoe's entertainment center.

Appearing through August 19, Ruth Wallis—a delightful, bouncy, multi-talented blonde—offers her audience a well-packaged, highly polished selection of songs—many of her own creation. She's particularly adept at looking at her audience with a deadpan stare as she hits them with a provocative, even audacious punchline that brings the house down.

More lavish, more exciting than ever before, the all-new 1965 edition of Vive Les Girls conceived and produced in Paris by impresario Frederic Apcar, features a large cast of continental artists in more than a dozen breath-taking scenes and routines. Stunning costumes, striking stage settings, magnificent show girls and original musical presentations are the key to this "adults only" international show—appearing all summer long in the Topaz Room at Nevada Lodge.

The Case of the HIDDEN WATER HEATER

OR One More Reason Why Electric Heating Is Best

That's right, you may actually *hide* your electric hot water heater. It requires no air circulation, there's no combustion (hence no expensive-to-install venting system), it is cool and insulated (you can store things next to it and it's safe for children, too). Your electric water heater can be installed anywhere, in the kitchen, utility room, attic, basement, under stairs, even in a closet.

HERE ARE SOME MORE ADVANTAGES

It's AUTOMATIC — Your electric water heater doesn't require a bit of attention. Turn on the faucet and the hot water is there.

It's SAFE — The shell is completely enclosed. There is no flame, no exposed heating units or controls.

It's EFFICIENT — Because thick insulation keeps all the heat inside the tank all the heat goes into the tank. None of it is wasted in a vent or chimney.

It's LONGER LASTING — Since all the heating elements are not at the bottom of the tank there is less scale and corrosion at the base.

It's TROUBLE-FREE — There are no moving parts to wear out, no valves to stick, no burners to clog. And of course there's no possibility of leaking fuel or fumes.

CONSTANT TEMPERATURE

The typical heater is designed so that 80 to 90 percent of the water can be drawn off without the incoming cold water noticeably lowering the temperature, a trick that's accomplished by a cold water baffle. Each typical tank contains not one heating unit but two, one at the bottom and one at the top of the tank. The top unit operates only when there is an extra heavy demand for hot water. The top and bottom thermostats are interlocked so that only one unit can operate at a time.

It all adds up to efficient and trouble-free operation. And of course efficiency means economy. That's important too.

Friday Final Day To Apply For Position

Friday, July 23, is the final date to file applications for the position of state traffic officer with the California Highway Patrol, Lt. O. P. Ledford, officer-in-charge of the patrol's Truckee substation, said today.

"Applications must be postmarked by midnight Friday to be accepted for the written examination scheduled August 21."

The lieutenant said that applications can be obtained at the patrol office, P. O. Box 1028, Truckee, California.

The examination is open to men 21 to 31 who have been residents of California at least one year, are high school graduates or the equivalent, are in good health with no disabling defects, have normal hearing and vision, and are between 5 feet 9 and 6 feet 6.

"The patrol offers young men a professional career in an organization that is outstanding in its field. Salary and other benefits are generous. Opportunity for advancement is based on individual merit, and the work is not only personally satisfying but vitally important to the welfare of the state and its citizens," he said.

Utilities Commission Approves Refund

SAN FRANCISCO—The California Public Utilities Commission today approved a plan for refunds to customers by the Pacific Telephone and Telegraph Company of more than \$41,920,000, which will be given with credits on their bills dated August 2 and continue until completed with bills dated next September 1, it was announced today by Frederick B. Holoboff, commission president.

The amount to be refunded, as of June 30, is made up of \$40,700,000 of refundable charges for service from July 20, 1964, to July 19, 1965, plus interest at 6 per cent

DIVOT DIGGERS BY DOT

Georgianna King again won low gross on Ladies Day Tuesday. (And after a trip to San Jose the day before) Others winning a golf ball are Jerri Hendrickson, Betty Kielhofer, Ruth Waller and Majel Rose. Low net was won by Sue Reams, followed by Maryann Haswell, Liz Carroll and Hazel Stewart.

If you are keeping tentative dates on the calendar, save August third as that is the day the Electric prizes will be given. It will be the ladies luncheon day for the month. We hope a group from Tahoe City Club will come join us that day.

South Tahoe Country Club is having a tournament for the girls the 23rd of August. This is limited by handicap. Will let you know who will be going.

Tee off tie at the Ponderosa Sunday will be eight o'clock for the men. There will not be many ladies coming so perhaps Truckee ladies can have their own competition.

Later in the day a chicken barbecue will be held for the participants.

This club will then have a return match with Oroville in November or December so keep your clubs dug out.

The Scotch Ball tournament on Sunday had a good turn-out. Bob Leamon and Majel Rose won the honorable (?) mention but no prizes were awarded. Everyone enjoyed their dinner out of doors. Bob and Tina Bowers came from Reno to join the group.

Tapia Heads Board

Dr. Henry Tapia, chairman of the board of directors of the Truckee-Donner Recreation and Park District, this week was named chairman of the Nevada County Recreation Committee during the organization meeting in Nevada City.

Fred Conway of Grass Valley was chosen as vice chairman and Ernest Harries is the temporary secretary. Other members are Douglas Toy of Grass Valley and Laurence Personeni, representing the rural area.

The fire department and forest service suppression crews were called out yesterday afternoon when a truck being operated in Olympic Tract between the freeway and Builders Service Center above Donner Lake caught on fire and threatened to start a forest fire in the area.

A major cause of forest fires in California is the careless burning of trash and debris. Learn and observe the local burning regulations . . . it is one of the best ways to keep California green.

THE SONS OF KATIE ELDER

John Wayne-Dean Martin

With plenty of help from fellow Optimists, Ken Marques prepares a bit of decoration for the Tahoe City Optimists Club's carnival-bazaar. Neil Gates, carnival chairman (left) and Jim Barclay, Tahoe City Optimist president, give Ken a boost in his efforts. This first of its kind event will be held Saturday, July 24 from 6 to 11 p. m. at the Safeway parking lot. It will have some 20 service clubs and other organizations from the region participating in a real old-fashioned carnival. The public can be more than optimistic about the fun in store.

Newly elected officers of the Lake Tahoe Sierra Emblem Club were recently installed. They are, reading left to right, back row: Marilyn Fugazi, organist; Glenetta Meixner, marshal; Linda Austin, chaplain; Betty Wigaard, recording secretary; Nancy Stella, first assistant marshal; Gwen Hill, correspondent; Sybil Anderson, corresponding secretary; Isabelle Torsak, second trustee; Davetta Horton, second guard. Front row: Marie Henry, third trustee; Sally Vance, second assistant marshal; Sally Lusky, first guard; Sophia Leva, junior past president; Patricia Vanni, president; Macie Henke, vice president; Nelle Gilmore, chairman of trustees.

GLENN FAMILY WILL HOLD REUNION SOON

A reunion of at least 30 members of the Glenn family will take place at Oroville this week, at the home of Mrs. Bessie Glenn, a former Truckee resident.

Included in the large group will be Mr. and Mrs. Francis Glenn of Windfield, Kansas, who have been the house guests of Mr. and Mrs. Wilber Glenn of Truckee. Until their recent visit the two brothers had not seen one another for eleven years.

\$65,000 For Prosser Bridge Rebuilding

A low bid of \$65,026 was received Wednesday by the state division of highways for repair of approaches to the Prosser Creek bridge on Highway 89 in Nevada County about four and a half miles north of Truckee, near Hobart Mills.

Robert N. Smith of Yuba City was lowest of four bidders, according to officials at the Marysville

district office.

When work begins in about a month, traffic will be routed across the creek on a temporary culvert-type two-lane detour. The highway bridge will be closed. Work will take about three months.

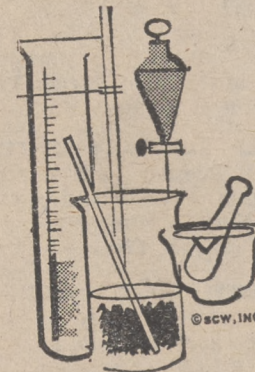

The December 1964 storms damaged embankments at both ends of the bridge and temporary repairs were made then to keep the span open.

Don't gamble with fire—the odds are against you.
